Bio Mirai is a native of Japan who has lived and worked in various cities. She is currently a Lecturer at School of Architecture at the University of Adelaide. Previously worked at Atelier Bow-Wow, where she has been an integral part of the team for a number of years, worked on multiple projects at various scale, from residential housing to public projects and exhibits in Japan and Europe. She has also worked at OMA, Asymptote and Michael Sorkin Studio. With her experience of working with great talents around the world, she brings a particular set of ideas and skills eager to put to practice in real life conditions in hopes to contribute to creating beautiful intriguing spacial experiences. She has masters degree in architecture from Southern California Institute of Architecture, and bachelors from North Carolina State University.
